

SIBONGUMUSA PHILANI MABUZA

ICT, DIGITAL SKILLS & ADMINISTRATIVE PROFESSIONAL

+268 76776483 / 79244775 • mabuzasibongumusa@gmail.com • P.O. Box 4487, Manzini, Eswatini

PROFILE

Versatile Business Information Technology graduate with well-rounded experience across digital skills facilitation, ICT support and systems development, administrative support, and communications and digital media. Proven ability to train and support diverse audiences, manage records and reporting with accuracy and confidentiality, provide reliable customer and stakeholder service, and create engaging digital content. Comfortable working in both English and siSwati across community, institutional, and corporate environments. A dependable, quick-learning professional with strong organizational, analytical, and interpersonal skills, committed to contributing value across ICT, administrative, and communications functions.

WORK EXPERIENCE

Digital Skills Facilitator – National Digital Skills Programme (UASF Project)

2025 – 2026

Eswatini Communications Commission (ESCCOM) – Universal Access and Service Fund, with MTN Eswatini Foundation, UNDP, SEDCO, ENYC and Wanderport Eswatini

- Facilitated online and face-to-face digital skills training for youth and adults, covering digital literacy, cybersecurity, Microsoft Office, and Microsoft 365.
- Collected, maintained, and reported learner data while ensuring accuracy, confidentiality, and data quality.
- Prepared learner reports and administrative documentation; managed lesson schedules, timetables, and correspondence.
- Communicated with learners and stakeholders through phone calls and email, and supported troubleshooting of technical issues.
- Promoted community engagement and equal access to digital education, liaising with government, development, and private-sector partners.

Systems Developer | Marketing & ICT Support

2023 – 2025

Emlalatini Development Centre College (EDC)

- Developed and maintained a Student Registration and Performance Management System, and managed Moodle and other e-learning platforms.
- Provided ICT technical support and troubleshooting for staff and students, and generated academic and administrative reports.
- Assisted with student registration, digital records management, and general administrative and procurement-related tasks.
- Managed the college's Instagram page and supported marketing campaigns, creating digital content that strengthened public engagement.
- Supported multimedia activities including photography, student ID management, and promotional material development.
